While there are several important details to tend to for your wedding – the reception venue, food, photographer, and entertainment – deciding on what your bridal party will wear should also rank high on your list. The color and style of the bridesmaids' dresses and how they complement the outfits worn by the mothers of the bride and groom, ring bearer, and flower girl is essential for the traditional wedding. Not only will it all be photographed and remembered for posterity, but your bridal party's attire will also play a major part in your wedding's style and decor.
